

International Awareness Semester 1 final exam review

Things on the test:

1) Cocoro 'Brazil' (Marcio) text.

Listen to it! Read it!

2) Cocoro 'New Zealand' (Alec) text.

Listen to it! Read it!

3) Child labor essay.

Do you have an image in your mind?

4) Keywords from 'Child Labor

Can you understand the definitions of the words in English?

Globalization:

Different countries buying and selling more with each other. One country's company makes a factory in another country. This is happening more often these days.

Child labor:

Young people working.

Typical:

The usual image everybody has about a thing.

Sweatshops:

Factories where the work is long and the pay is low.

Outsourcing:

When one country makes a factory in another country because the labor is cheaper.

Factory

A place where people make, or produce things, usually a big place.

To be fined:

To be forced to pay money as a punishment.

A union:

A group of workers who join to make a job better.

To pay:

To give money for something.

Prostitution:

To sell sex.

To move:

To change the place of something, like where you live. It was a factory in the text.

A demonstration:

When people gather outside and complain about a problem.

Public opinion:

The general way people think about an issue.

Reputation:

The way other people think about something. Good/Bad

Advertise:

To announce something because you want people to know about it or buy it. You pay money to do it in a magazine or on TV.

[The People Tree:](#)

The name of a clothing company that doesn't use child labor.

A fair trade company:

A type of company that respects workers, and the rights of people in developing countries.

Selling point:

A good point about a product.

Awareness:

To know about something. To be conscious of something.

March:

To walk in a demonstration.
